## Creating with the Story Elements

**Directions:** Thinking about the story elements of character, setting, and plot in a novel is very important to understanding what is happening and why. Complete **one** of the following activities about what you've read so far. Be creative and have fun!

### Characters

Draw a picture of the three children riding on the back of Mrs Whatsit as they fly over Uriel. In your picture, include details for the characters as well as the planet that they are on.

### Setting

Create a poster advertising life on Uriel. The poster should give at least five reasons why people might want to move to the planet. Be creative with your reasons! Make sure your poster is big, bold, and beautiful.

### Plot

Take two of the characters out of this story and put them into another story that has a dark, menacing enemy. Then, write a conversation that might happen between the characters. For example, Meg and Calvin could suddenly be in the middle of Hogwarts with Harry Potter. The three characters can all talk about how they are going to fight Voldemort. If you prefer, you can create your conversation as a comic strip with speech bubbles.
