Creating with the Story Elements

Directions: Thinking about the story elements of character, setting, and plot in a novel is very important to understanding what is happening and why. Complete **one** of the following activities about what you've read so far. Be creative and have fun!

Characters

Create a T-chart that contrasts Charles Wallace when he arrives on Camazotz to when he is under IT's control. The chart should have many descriptive terms for Charles Wallace's actions and personality.

Setting

Rewrite the scene in which Meg finds her father, but place it in a different setting. Instead of being stuck on Camazotz, place the characters in a happier, safer setting. Meg and Charles Wallace have just found and saved their father. How might their reunion differ from the one in the book? Be creative and unique when you write the dialogue among the characters. Also, include in your scene how the characters will get home.

Plot

Draw a picture of the most important scene in this section. Include all of the key characters in the scene and add labels to make sure that it is clear what is happening in the scene.
